

Carl Solomon Music

Hello

I would like to introduce myself to you. I am Carl Solomon an Americana/Folk singer-songwriter based out of Portland, Oregon, USA. I got your info from Americana Music Association. I am also a member. I have just released in June, my new Cd "Simple Things". I would like to share it with you. It has been garnering radio airplay across the USA and beyond. The CD features ten of my original Americana-style folk-rock ballads. I would love for you to have a copy. .

All three of my self produced CD's have been accepted on Pandora Radio, I tour through the western US and Texas. I am looking to expand that touring. I play for travelers at Portland Airport and teach veterans songwriting & guitar. That's just a little about me. I'll stop talking and give you some links to see and hear who I am.

Thanks for listening

Carl Solomon

Carl's Story

Carl Solomon crafts songs from his journey through life, from carnival barker to counselor to songwriter. Growing up in Brooklyn with a beat poet's name, and then on to Baltimore. He creates portraits of characters, real or imagined, from his travels, relationships and observations.

He paints with strings instead of brushes, creating images that come to life. His use of language, recollections and humor reflects the diverse facets of the human experience which, when quilted together, form a collection of songs you won't soon forget.
